## SUMMARY

Full Stack Developer with an in-depth knowledge of both front and back-end development. Currently working as an Application Consultant and pursuing an intensive Coding certificate from the University of North Carolina. Professionally, I have bolstered a diverse skill set including time management, communication/conflict resolution, strategic program development, and critical thinking/troubleshooting. Excited to use my diverse technical and professional skill set to collaborate, continue learning, and become a valuable team asset.

---

## TECHNICAL SKILLS

JavaScript | Node.js | Express.js | MySQL | HTML | CSS | RESTful API's | GitHub | Microsoft

---

## PROJECTS

- **Password Generator:** Random password generator based on user prompt response. JavaScript, CSS, HTML.  
Repository: <https://github.com/EricksonVIK/PasswordGenerator>  
Deployed URL: <https://ericksonvik.github.io/PasswordGenerator/>
  - **Note Taker:** Allows user to save and remove notes from a database file. App utilizes Node.js, Express.js, NPM UUID for unique id creation, and is deployed on Heroku. JavaScript, HTML, CSS.  
Repository: [https://github.com/EricksonVIK/Note\\_Taker](https://github.com/EricksonVIK/Note_Taker)  
Deployed URL: <https://whispering-escarpment-89419.herokuapp.com/>
  - **Team Profile Generator:** Application generates a team roster in HTML format based on user input. JavaScript, CSS, Node.js, NPM Jest (Test Driven Development), and NPM Inquirer.  
Repository: [https://github.com/EricksonVIK/Team\\_Profile\\_Generator](https://github.com/EricksonVIK/Team_Profile_Generator)  
Deployed URL: [https://ericksonvik.github.io/Team\\_Profile\\_Generator/](https://ericksonvik.github.io/Team_Profile_Generator/)
  - **YodaIM** (aka. GifYoda): Fun application that creates a Yoda translation phrase combined with random Gif based on user input.  
Repository: <https://github.com/EricksonVIK/YodaIM>  
Deployed URL: <https://ericksonvik.github.io/YodaIM/>
- 

## EXPERIENCE

### Application Consultant, NC

**BrainLab, INC | Chapel Hill, NC | 2020-Present**

- Increasing customer utilization throughout the North Carolina with surgical case support, in-service training, and project/installation management efficiency.
- Decreased active system issue cases by 50% as the regional Technical Subject Matter Expert responsible for 2<sup>nd</sup> tier technical escalation for software and hardware cases.
- Continuing to decrease the average system issue case time by managing system issue case flow, training 8 Application Consultants, and being a continued resource for troubleshooting.

**Project Manager, Duke Exercise is Medicine (EIM)**  
**Duke University, Dept. Orthopedics | Durham, NC | 2019-2020**

- Connected a diverse population of collaborators to create, enhance, and implement projects designed to increase physical activity among patients, employees, students, and City of Durham residents.
- Highlighted program awareness by organizing a Summit attended by over 300 collaborators.

**Business Owner/Operator/Manager**  
**ONE Fitness Training, LLC | Durham, NC | 2015 to 2021**

- Created a successful small business with revenue increasing 10% annually.
- Mentored personal trainers which led to increasing their business revenues and the companies by proxy.

**Manager/Corporate Manager/Personal Trainer**  
**Fitness Industry | Durham, NC | 2006-2012**

- Enhanced company revenue opportunities through unique program creation, marketing said programs, contract sales, and managing 11 personal trainers.

---
